- buffers
- streets & roads
- street trees

- stormwater control
- illicit discharges

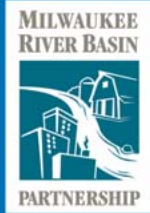

Eddie Daniel photo

- erosion control & land clearing
- nonpoint source pollution
- impact fees
- detention & retention basins
- overlay districts

The Milwaukee River Basin Partnership has developed a new website which provides local governments, developers, and interested citizens with a planning guide that encourages good land use to protect Milwaukee River Basin water resources. To learn more about water-friendly development planning visit our website at clean-water.uwex.edu/plan

Milwaukee River Basin Partnership

The Milwaukee River Basin Partnership is a voluntary coalition of businesses, non-profit groups, public agencies, educational institutions, organizations and individuals committed to restoring and sustaining in the Milwaukee River Basin ecosystem. To learn more about the Milwaukee River Basin Partnership visit our website at:

clean-water.uwex.edu/milwaukee

Funding for this project was made possible by Wisconsin Coastal Management Program and the Milwaukee River Revitalization Council.
