 - B. Task 2 – Monitoring
 - C. Task 3 – Trading
 - D. Task 4 – Treatment Cost Evaluation
 - E. Task 5 – Biological Impact Assessment
- IV. Conclusions
- V. Bibliography
- VI. Appendices

NOTES

- 1. Report will not repeat original works but summarize, compare, and contrast information.
- 2. Report will be bound into three separate documents as follows:
 - Volume 1 – Executive Summary (Estimated at 10 to 20 pages)
 - Volume 2 – Parts II through V (Estimated at 30 to 60 pages)
 - Volume 3 – Part VI. (Will contain only critical data and tables from other sources, reports, etc.)

In this way, report size will be minimized and reproduction costs will be reduced.
